### Tailored Printing's Growth Benefits You

Print Solutions Magazine recently named Tailored Printing as the 8th fastest growing print distributor in the nation in the annual sales under \$5 million category.

As a result of our growth, we are now able to offer a wider range of design services - which can benefit you with advertising, marketing, printed projects, ad specialties, and web design.

Our new designer, Sarah Bradish, joined our team in March and immediately we admired her sharp mind for marketing concepts. She has a gift for packaging the ideas in attractive graphics that sell ideas and products. She has a Bachelor of Fine Arts degree in Communication Design with a Minor in Art History from SIU Carbondale. Prior to joining us, she produced product catalogs and marketing pieces for Design Ideas of Springfield for four years.

*"Working as a graphic designer for Tailored Printing, I value the opportunity to work with*

*clients from beginning to end. Along with great clients, I thoroughly enjoy working with a team of individuals that have the client's best interests at heart and who make a sincere effort in putting their best foot forward, day in and out. Coming to work is easy because it's a positive environment that I'm glad to be a part of."*

Thank you for the 32% growth we experienced last year....and for trusting our company with your projects. You've bestowed the greatest honor on us with your trust and nothing pleases us more than seeing our team come through for you.
